

# Ontario Reception Network Group

## APPLICATION FOR MEMBERSHIP 2019-2020

Membership # \_\_\_\_\_

The Ontario Ministry of Education's 2007 ELL Policy document sets procedures for the development and implementation of programs and supports for ELLs in English elementary and secondary schools. It states:

*School boards will assign staff to assess the English Language proficiency of all English language learners, including an assessment of mathematical knowledge and skills. (MoE, pg. 4)*

In spring 2014, ERGO (ESL/ELD Resource Group of Ontario) members moved to add a sub networking group of school board staff responsible for initial language and math assessments. As a result, ORNG (Ontario Reception Network Group) was created with the following mandate:

*A network of school board designated educators who will meet twice a year to explore, share, and advocate for effective practice in reception and initial assessment of newcomer students and/or ELLs to the Ontario school system.*

**Membership into Ontario Reception Network Group (ORNG) requires Supervisory Officer approval.**
